National Academy of Design.

DEPARTMENT OF SCHOOLS.

The Schools of the Academy are open Day and Evening FREE, from the first of October until June.

THE ANTIQUE SCHOOL.

All Students must first enter the Antique School. The qualification for admission is, an elementary practice in drawing from the *round* which will enable the applicant to show to the Council a fair shaded crayon drawing from *a cast* of a hand, foot, head or other part of a statue of the human figure. A thorough and successful course of study from the Antique is required before the student is advanced to other classes. Drawings in application for admission to the Antique School may be left at the Academy during the last week in September, if for the *opening* of the session; or, at any time thereafter for examination at the regular Monday evening meetings of the Council.

THE LIFE SCHOOL.

Students of the Antique School only are eligible for admission to the Life School. This advancement is made on the exhibition to the Council of an approved drawing of a full length statue made in the Antique School and during the session when the application is made. The studies in the Life School are from both the draped and the nude model.

THE PAINTING SCHOOL.

Students of the Life School only are eligible to admission to the Painting School at the discretion of the Council. The studies in this class are from still life subjects and from the living model.

All Students are required to re-enter the Schools each year in the same manner as new applicants.

LECTURES.

The Lectures of the Academy, both technical and general, are open to all classes of Students and to the Members and Fellows of the Institution.

EXHIBITIONS AND PRIZES.

An Exhibition of selected drawings by the students will be held in the Library Rooms commencing the day after the Annual Meeting of the Academy (second Wednesday in May) and continuing two weeks, when the Annual distribution of Awards of Merit will be made by the President.*

The Students in the classes of the present year number 205 in the Antique School, 71 in the Life and 25 in the Painting School. As the means of the Academy may warrant, provision will be made for a yet larger number; other classes will be established and still greater facilities be afforded for a complete and thorough professional training.

By order of the Council,

T. ADDISON RICHARDS,
Cor. Sec. N. A.

*The Prizes of the present season will be awarded on Tuesday, May 20.

NATIONAL ACADEMY OF DESIGN.

FELLOWSHIP FUND.

The honorary grade of Fellows of the National Academy of Design, was instituted by the Academicians in the year 1863, for the purpose of increasing both the moral and material forces of the Academy, and has met with such general and hearty approval that it now embraces a very large number of our most influential and distinguished citizens. The conditions and privileges of Fellowship in the Academy are explained briefly in the subjoined extracts from the Constitution.

Extracts from the Constitution of the Academy:

ART. X. Sec. 2. A subscriber of $100 to the Fellowship Fund shall be presented with a Diploma, constituting him a Fellow of the National Academy of Design for Life, and entitling him to five season tickets to the Exhibition, annually, access to the Library and Reading Rooms, and invitations to all the Conversations held by the Academy; also, to nominate two students annually who, on passing the usual examination, shall be admitted to the Schools of the Academy free of charge.

Sec. 3. A subscriber of $500 to the said Fund shall receive a Diploma entitling him to all the privileges of a Life Fellowship in perpetuity, and be entitled to convey his Fellowship to an heir or assignee; and the holder of the Diploma shall enjoy the privileges of the original subscriber.

☞ Subscriptions to the Fellowship Fund may be sent to T. Addison Richards, Corresponding Secretary, N. A., at the Academy, or to any member of the Council

National Academy of Design.

DEPARTMENT OF SCHOOLS.

The Schools of the Academy are open Day and Evening FREE, from the first of October until June.

THE ANTIQUE SCHOOL.

All Students must first enter the Antique School. The qualification for admission is, an elementary practice in drawing from the *round* which will enable the applicant to show to the Council a fair shaded crayon drawing from *a cast* of a hand, foot, head or other part of a statue of the human figure. A thorough and successful course of study from the Antique is required before the student is advanced to other classes. Drawings in application for admission to the Antique School may be left at the Academy during the last week in September, if for the *opening* of the session; or, at any time thereafter for examination at the regular Monday evening meetings of the Council.

THE LIFE SCHOOL.

Students of the Antique School only are eligible for admission to the Life School. This advancement is made on the exhibition to the Council of an approved drawing of a full length statue made in the Antique School and during the session when the application is made. The studies in the Life School are from both the draped and the nude model.

THE PAINTING SCHOOL.

Students of the Life School only are eligible to admission to the Painting School at the discretion of the Council. The studies in this class are from the living model only.

All Students are required to re-enter the Schools each year in the same manner as new applicants.

LECTURES.

The Lectures of the Academy, both technical and general, are open to all classes of Students and to the Members and Fellows of the Institution.

EXHIBITIONS AND PRIZES.

An Exhibition of selected drawings by the students will be held in the Library Rooms commencing the day after the Annual Meeting of the Academy (second Wednesday in May) and continuing two weeks, when the Annual distribution of Awards of Merit will be made by the President.*

There are about 250 Students in the classes of the present year. As the means of the Academy may warrant, provision will be made for a yet larger number; other classes will be established and still greater facilities be afforded for a complete and thorough professional training.

By order of the Council,

T. ADDISON RICHARDS,
Cor. Sec. N. A.

National Academy of Design.

DEPARTMENT OF SCHOOLS.

The Schools of the Academy are open Day and Evening FREE, from the first Monday in October until the end of May.

THE ANTIQUE SCHOOL.

All Students must first enter the Antique School. The qualification for admission is, an elementary practice in drawing from the *round* which will enable the applicant to show to the Council a fair shaded crayon drawing from *a cast* of a hand, foot, head or other part of a statue of the human figure. A thorough and successful course of study from the Antique is required before the student is advanced to other classes. Drawings in application for admission to the Antique School may be left at the Academy during the last week in September, if for the *opening* of the session; or, at any time thereafter for examination at the regular Monday evening meetings of the Council.

THE LIFE SCHOOL.

Students of the Antique School only are eligible for admission to the Life School. This advancement is made on the exhibition to the Council of an approved drawing of a full length statue made in the Antique School and during the session when the application is made.

All Students are required to re-enter the Schools each year in the same manner as new applicants.

EXHIBITIONS AND PRIZES.

An Exhibition of selected drawings by the students will be held in the Library Rooms, commencing the day after the Annual Meeting of the Academy (second Wednesday in May), and continuing two weeks, when the Annual distribution of Awards of Merit will be made by the President.

There are about 250 Students in the classes of the present year. As the means of the Academy may warrant, provision will be made for a yet larger number; other classes will be established and still greater facilities be afforded for a complete and thorough professional training.

LUNDBORG'S PERFUMES

ARE COMMENDED FOR THEIR DELICACY AND TRUTHFULNESS TO NATURE, AND ARE GUARANTEED OF STANDARD AND UNIFORM STRENGTH AND QUALITY, EACH ODOR AND BOUQUET POSSESSING A DISTINCTIVE AND UNCHANGING CHARACTER.

EMINENT TESTIMONIALS.

Although the Lundborg Perfumes obtained the highest awards at the Centennial Exhibition, it is especially gratifying to all Americans to observe the opinion of Messrs. Kuhlmann, fils, and De Wilde, the eminent French and Belgian chemists, representative judges of their respective Governments, which opinion, furthermore, led to a most flattering report to the French Government by its accredited agents now in this country, whose object is to present in the form of a review the leading representatives of the important industries of the nation. The above named judges reported the following: "We were especially interested in studying the manufacture of perfumery in this country, Nothing is more dangerous, after the adulteration of food, than the use of perfumery, the preparation of which is deleterious. Our examination of the American section has, we regret to say, shown us few specimens which we could recommend. It therefore becomes the more necessary that we should mention those products the analytical examination of which was perfectly satisfactory to us. We speak of the perfumes prepared by the Lundborg process, and manufactured by the house of Young, Ladd & Coffin, of New York. Without stopping to give too long a description, we will confine ourselves to mentioning their California Water for the toilet and bath (a preparation which is perfectly healthful,) and more especially their Extracts for the Handkerchief, the distillation of which, being admirably combined, produces perfumes of great sweetness and delicacy; and, with a special property of their own, by which these extracts can unquestionably enter into competition with those of the best known French and English makers."—*N. Y. Tribune.*

THE REPORT OF THE FRENCH COMMISSIONERS TO THE CENTENNIAL SAYS:

"We speak of the Soaps prepared and manufactured by THE ALLAN HAY COMPANY, of New York. The result of our examination is that these products are *absolutely* pure, and especially is this the case with their Laundry Soaps for family use. The saponification of their Toilet Soaps, in cakes, is simply *perfect*, and entirely devoid of any deleterious compounds which could interfere with the formation of a proper mixture; unlike other specimens examined, which, though highly scented, and giving out a stronger perfume, were composed of materials which were less pure."

shades are being continually originated for us, and Silks, Ribbons, and Millinery Goods are now fully represented in our stock in new tints known in Paris only a few weeks ago. Referring to the "general principles" by which we intend to be governed in conducting our business, we have to say, that though the indications are all in favor of renewed activity and returned confidence in trade, we fully recognize and appreciate the desire of all to economize in personal expenditures, and are determined to meet and satisfy this desire. Our goods we shall sell at very lowest prices consistent with their superior quality and design, confident that this policy will be a sure guarantee of continued and increased patronage. Orders by mail will receive prompt attention. Patterns of such goods as admit of being "sampled," with specific information concerning them, will be sent on application, and purchasers at any point in the U. S. can have goods forwarded to them by mail at the rate of one cent per ounce on parcels weighing four pounds or less, where no writing is placed inside parcels so sent.

DIRECT DEALING

with manufacturers has great advantages in the purchase of Clothing. Twenty-five years ago we began a plan for supplying consumers direct, which we have brought to perfection, and continue to use with growing success. In accuracy of filling orders we are unequalled. We make every article we offer of Men's and Boys' Clothing, and guarantee material and workmanship to be as represented. We have Departments for Men's Clothing, Boys' Clothing, Custom Work, Military Clothing, Shirts, ready-made and to order, and Gentlemen's Furnishing Goods. Parties desiring Men's or Boy's Clothing are requested to write to us, stating the garments required, with something of an idea as to price, and samples, with prices and descriptive pamphlet, will be forwarded immediately. Our standard of work is the best, receiving the highest honors at the Centennial Exhibition, while our prices are fixed at the lowest rates. Orders forwarded by Express, with privilege of examination. Satisfaction guaranteed. Goods sent on approval to responsible parties, giving a satisfactory New York reference. Clothing cannot be bought intelligently without an examination of our stock.
